## Transact on the Go. No Sweat.

If you're not a brick and mortar shop, don't want to be stuck behind a register, or need to be out and about while transacting, MX™ Merchant offers a mobile app solution for iOS and Android to suit your on-the-go needs.

MX™ Express is an easy-to-use application that allows you to accept mobile card payments with optional gratuity and print, e-mail, or SMS text customer receipts.

It's free to download, fast to set up, and just like MX™ Merchant, you'll have access to all the comprehensive transactional data that helps to give you a clearer understanding of your business.
